

Clinic Guides

June 2017

Contents:

- **HIV Specialty Clinics by Neighborhood.....2-14**

HIV specialty care is important for people living with HIV/AIDS. Everyone living in the Philadelphia area can see an HIV specialist regardless of their ability to pay.

- **A-Z Listing of HIV Specialists.....15-19**

HIV specialists are medical providers who provide treatment for people living with HIV and keep up to date on HIV treatment changes.

- **Clinics in Philadelphia that offer PrEP.....20-23**

Pre-Exposure Prophylaxis (PrEP) can be taken daily by people who are not living with HIV in order to reduce their risk of contracting HIV. PrEP is approved by the FDA and has shown to be safe and effective. PrEP is a single pill taken once daily. The medication interferes with HIV's ability to copy itself in the body after exposure to HIV. There are many sites throughout the city that offer PrEP.

- **A-Z Listing of Dental Clinics in Greater Philadelphia.....24-28**
